

# Black Water Tiger Stripepaper 2022

## About Us

Welcome fellow tigers!

We are Black Water Tiger, a community powered crypto coin which aims to celebrate 2022, which according to the Lunar calendar is the year of the BLACK WATER TIGER. The tiger is a strong, noble, and purposeful animal, but if teased, it is capable of sharp and impetuous attacks. Therefore, astrologers are sure: this year will be active, full of changes, and supportive of those who are used to achieving new heights and fighting. The changes will primarily concern social life, while peace and love will reign in the family - the tiger is considered a faithful and devoted animal.

The start of the new Lunar Calendar Year's importance is rooted deep in history, and today remains the most important occasion for generations of families to reunite and spend time together.

The tiger will become the symbol of the new 2022 year according to the Eastern calendar. The year of the tiger will come on February 1 and will last until January 21, 2023. Astrologers claim that this year will bring many changes and will be ideal in order to change a life.

As many families may be separated due to career choices, education opportunities, or the continuing global pandemic, this year's celebration provides an ideal opportunity to take the traditional New Years Celebrations digital.

With this in mind, we created the Black Water Tiger Token, or \$BWT. Given the unsure state of the world and our ability to spend physical time with our families and loved ones, we want to remember the importance of these people, no matter how near or far, or for how long we have gone without seeing them, that our bonds and love for each other are not forgotten. We also see an opportunity for EACH of us to embody the spirit of the Black Water Tiger and ensure the year will be active, full of change, and see all of us achieve new heights.

How will we do this you may be asking? As mentioned, we have minted the \$BWT token on the Binance Smart Chain and will soon be initiating a presale via the PinkSale Finance platform. Between now and presale launch our team will be having the contract audited, the team members submit KYC verification, and a large social media presence all to build trust and transparency in our team and project.

## The Mission

Black Water Tiger realizes the effect that the pandemic has had on the world, and in particular, the Asian community. Our focus is to use \$BWT as a means to give back to these affected communities, beginning local and spreading global. Don't. Ever. Stop. Giving.

We also have identified the need for a crypto donation platform to be developed so charities can receive donations in the form of crypto, not just fiat.

This will help all communities across the world by allowing generous crypto holders to donate to their favorite charities with confidence.

\$BWT goal is to form a like minded community, one that believes in transparency, giving, and helping others across the world.
